

CALL FOR APPLICATIONS: EUROPEAN WATER AWARDS 2025

Shape the Future of Global Water Standards

In a world where water quality is a critical priority, we are the ones shaping solutions and setting new global standards. The **European Water Awards 2025** provide a unique platform for innovators, companies, and experts to showcase cutting-edge technologies that can significantly enhance drinking water safety and quality while protecting aquatic ecosystems.

As a global platform for **developing global trends and implementing advanced solutions across different countries**, we invite top professionals to join us in shaping the future of the water sector.

AWARD CATEGORIES:

IMPROVING DRINKING WATER QUALITY

How can we limit the presence of contaminants, both regulated and unregulated, within the current regulatory frameworks? **We are looking for groundbreaking technologies and solutions that go beyond existing standards, ensuring safer drinking water for future generations.**

PROTECTING WATERS AND WATER QUALITY – RIVERS, LAKES, SEAS

Sustainable approaches and innovative solutions to reduce pollution and improve water conditions worldwide. **We seek technologies that set new benchmarks in safeguarding aquatic ecosystems.**

WHY APPLY?

- **Influence global trends and future regulations** – contribute to shaping new global standards and possibility to propose improvements to legislative guidelines.
- **Gain international recognition** – showcase your innovations to industry leaders and policymakers.
- **Connect with key stakeholders** – access a diverse network of global water sector professionals.
- **Opportunities for pilot projects** and international implementation of your solutions.

Join a network of leading experts and innovators, and **help shape the next generation of global water solutions.**

HOW TO APPLY?

In order to submit a project for the European Water Award, **the following information is required:**

1. Title of the technical solution/project
2. Award category the technical solution/project is applying for
3. Company name
4. Company/project contact (name, email, phone number)
5. Short description of the technical solution/project (maximum 300 words)

Submit applications to: **renata.lovrak@bledwf.com**.

Applications are open **until 16 May 2025, 18:00 CET**.

Application fee: €150/Project > Once we receive your registration in our email, we will send you an invoice for the registration fee.
